

# MiniMe-P8, P10, & P12

## Product Release

### MiniMe8

- Built in 320-Watt, high efficiency
- Class "D" amplifier
- Long throw, premium quality drivers
- Convenient compact size
- Automatic signal-sensing turn-on and stand-by mode
- Perfect for all sub applications
- Operation status LEDs
- SLAPS Patented Passive radiator technology
- RCA & high level inputs
- Selective variable crossover

#### Specifications | MiniMe-P8

**Frequency Response:** 28Hz-175Hz

**Driver:** 8" high power + 8" SLAPS

**Amplifier Power:** 320 Watts

**Voltage:** 115V - 220V / 50-60Hz

#### Dimensions (HxWxD):

10 1/4" (261mm) - including legs

11 3/8" (289mm) - including grilles

9 3/4" (248mm)

**Weight:** 16.5 lbs

**Finish:** Piano Black

#### M.S.R.P.

- Mini Me P8 Piano Black: **\$849.00**

- Mini Me P8 Piano White: **\$949.00**

### MiniMe10 and 12

#### The Right Sized Subs for Any Job

In response to a huge number of requests for a quality-focused, small, powered-subwoofer for larger rooms that are appropriate for the MiniMe, Earthquake has developed the MiniMe-P10 & P12.

The larger 10 & 12" MiniMe's have advanced magnet structures, massive dual layer voice coils, and are powered by Earthquakes' 600-watt energy efficient amplifiers. These new additions can fill any large room with deeper, more powerful bass than some larger more expensive subs.

You can also depend on Earthquakes' new Minis to deliver the realistic excitement of home theater from the lowest extended musical bass notes possible and the detail and definition of a full blown orchestra. With its exquisite 7-layer piano black lacquer finish, tiny footprint and high fidelity sound, the MiniMe P10 & P12 are the finest solutions for any home.

#### Advanced Features

- Passive tuned design for unmeasurable accuracy
- SLAPS patented passive radiator system
- 600-watt Class "D" powered amplifier with automatic signal-sensing turn-on and stand-by mode for longer life, more efficiency and less power consumption (greener)
- Sub operation switch for different ranges
- High gloss multi layer piano black lacquer finish for a mirror shine
- Long throw, premium quality drivers
- Operation status LEDs
- RCA & high level inputs
- Selective variable crossover

#### Specifications | MiniMe-P10

**Frequency Response:** 20Hz - 135Hz

**Amplifier Power / Type:** 600 Watts / Class "D"

**Driver:** 10" High Excursion Earthquake Subwoofer

**Passive Radiator:** 10" Patented SLAPS;

#### Specifications | MiniMe-P12

**Frequency Response:** 18Hz - 115Hz

**Amplifier Power / Type:** 600 Watts / Class "D"

**Driver:** 12" High Excursion Earthquake Subwoofer

**Passive Radiator:** 12" Patented SLAPS;
