Kingray Power Supply – PSK18M

Foxtel Approved

New to the Kingray range is the 18V DC 500mA power supply with an F-Type Male connector.

This is the perfect product for powering up the new Foxtel Approved Kingray Active Taps & Super Broadband Amplifier.

Kingray's power supplies have constantly maintained their reputation as the highest quality and most reliable power supplies to the antenna industry. They feature short circuit protection and fully comply with Australian and New Zealand Energy Standards.

The PSK18M is slim line & compact in design, so with a small footprint it only takes up the space of 1 power point socket.
